Patna, Bihar, India | ashishkrsingh499@gmail.com | 7488072501
GitHub: github.com/ashish-kumar108 | LinkedIn: linkedin.com/in/sanatanii-ashish

PROFILE

Flutter Developer experienced in cross-platform mobile apps and full-stack modules. Skilled in Flutter, Dart, Firebase, REST APIs, PHP, MySQL, and state management (Provider, GetX). Built multiple independent projects spanning property-tech, full-stack, health-tech, content, and real-time apps.

PROFESSIONAL EXPERIENCE

Freelance Flutter Developer, Self-Employed Sept 2026 - Present
Remote

- Build cross-platform Flutter applications with responsive UI, Firebase/REST integrations, testing, debugging, and release-ready Android and Windows builds.
- Developed RentMeter as separate Owner, User, and Admin applications connected through shared Firebase services.

App Developer / Flutter Developer, TechCanOpus Professus LLP Mar 2026 - Aug 2026
Rohini, Delhi

- Worked on Sahubyte Vendor/User and Selorize, covering user flows, responsive UI, REST APIs, validation, reusable widgets, Firebase integration, and bug fixes using Provider/GetX.

Android Developer Intern, Brainybeam Info-Tech Pvt. Ltd. May 2025 - Jul 2025
Ahmedabad, Gujarat

- Supported Android UI implementation, testing, debugging, feature updates, Git version control, and issue tracking.

TECHNICAL SKILLS

Languages: Dart, Java, JavaScript, PHP, HTML, CSS
Mobile & State Management: Flutter, Android SDK, Responsive UI, Custom Widgets, Provider, GetX, Bloc/Riverpod
Backend & Database: REST APIs, PHP APIs, MySQL, Firebase Auth, Firestore, Storage, Cloud Functions, Cloud Messaging, JSON
Tools & Concepts: Git, GitHub, Android Studio, VS Code, OOP, Data Structures, Clean Architecture, Debugging

PROJECTS

RentMeter - Property & Rent Management Ecosystem

- **Owner App:** Properties, rooms/units, tenants, occupancy, rent, expenses, receipts, reminders, reports, subscriptions, notifications, and PDF exports.
- **User App:** Rental details, dues, payment history, receipts, reminders, notifications, and support with secure Firebase access.
- **Admin App:** Owner/property oversight, subscriptions, payments, analytics, reports, notifications, support, audit logs, and role-aware access on Android and Windows.

Suraksha Setu - Coaching Institute Full-Stack App

- Flutter frontend with PHP/MySQL REST APIs, authentication, validation, and role-based student, instructor, and admin screens.

Diet & Nutrition App

- Calorie tracking, Firebase-backed user data, personalized meal suggestions, and chart-based progress tracking.

Weather App, Meditation & Mindfulness App, Chat Application

- REST/JSON weather flows; guided audio sessions and onboarding; Firebase authentication, real-time messaging, and live conversation updates.

VedPath - Spiritual & Scriptures App

- Scriptures, quizzes, naam jap modules, temples, saints, festivals, and daily quotes with Firebase-backed content.

EDUCATION

Bachelor of Computer Engineering, Marwadi University Sept 2022 - Feb 2026
Rajkot, Gujarat
